

**Dear Henderlong Family ~**

**We moved into our new home in Doubletree West this past March and would like to comment on our experience. After living for 43 years in the same home, to say we had mixed feelings about building a home would be an understatement. But Henderlong proved us wrong. From day one we were impressed with the care given by your entire staff. Each and every person we've had dealings with have treated us with care and respect. In particular Nancy Villars help, advice and friendliness were immeasurable. She made suggestions that we never would have thought about. Nancy is the best. Mike K. Was a huge help with the last minute details right before we moved in - plus all the various adjustments afterwards. His patience is admirable. Mike is great. Tim was always pleasant and helpful. He is a good man. We love our new home and will not hesitate to recommend Henderlong Homes to friends and family. Thank you for everything. Keep up the good work. You guys rock!**

**Sincerely,**

**Jim & Marie Reeves**
